SIMCO CATERING EQUIPMENT AUSTRALIA THE SIMCO GROUP

WELCOME TO THE SIMCO GROUP AUSTRALIA

Simco Catering Equipment Australia brings a breath of fresh air to the industry, showcasing the most affordable variety of commercial catering equipment ever seen in Australia.

Now the reality of starting a business in Australia is within everyone's reach, thanks to the price point of the Simco range of products.

INTRODUCING SIMCO CATERING EQUIPMENT AUSTRALIA

Australia's most economical and affordable range of commercial catering equipment is here!

- Commercial refrigeration and freezers
- Commercial gas cooking equipment
- Stainless steel benching and sinks
- Stainless steel hood canopy solutions
- Ductless hood canopies
- Bench-top buffet equipment
- Bench-top cooking and preparation equipment.

- Simco covers a large range of commercial equipment tailor-made for the Australian industry.
- Simco recognised that Australia needed a better solution to its commercial catering equipment and refrigeration demands. We are committed to providing Australia with equipment that is environmentally responsible, and built to withstand the harshest of Australian conditions. The Simco range of products are backed by an Australia wide, full parts and labour warranty. We have refrigeration mechanics and gas fitters in place throughout Australia, so you can have peace of mind when purchasing our products. With many years of experience in the Australian hospitality industry, our directors have left no stone unturned to deliver a high standard in commercial catering equipment and refrigeration. Our expert team of engineers have developed a great range of refrigeration tailored for hot kitchens.
- SIMCO understands the Australian way of cooking with our heavy-duty ranges that can withstand the day to day activities of any chef. Designed to suit many sectors such as restaurants, hotels and other food manufacturing facilities, our Euro design appearance is smart, sleek and unique to the industry. Internationally our products are recognised as the benchmark of engineering, functionality and reliability.
- SIMCO realises the importance of keeping products cool all year round, so we have come up with an affordable range of Commercial Refrigeration that can cope with conditions of up to 43°C.
- Our gas cooking equipment, along with our stainless steel benching, sinks and our exhaust hood canopy systems are all within everyone's reach now with Simco making them affordable.

OUR MISSION

- Our mission is to deliver affordable and reliable products under the Simco-group banner to the Australian hospitality industry. We pride ourselves in service and the quality of our equipment. Our main goal is to provide new designs and innovation to the Australian marketplace. It is very important to us to build and maintain a strong relationship with our selected group of distributors. We will give them ongoing support making Simco an easy company to deal with.
- Our mission is to make Australian kitchens better and be able to keep up with the never-ending demand of supply and distribution of equipment to every state of Australia.

WE SELL THROUGH OUR DISTRIBUTORS AUSTRALIA WIDE AND CAN CONNECT YOU TODAY WITH OUR DEALERS IN EVERY CORNER OF AUSTRALIA.

- Simco works closely with and supports our dealer network across the country.
- Our distributors can help you with our products, as they have access to all of our brands and they are able to help you at a location near you.
- Simco has a national service network of gas and refrigeration technicians set up across Australia.
- All our products are fully backed with an Australia wide warranty, giving you peace of mind when choosing a product from Simco.
- All our terms and conditions are on our website www.simcogroup.com.au
- Simco Catering Equipment Australia is a family owned Australian company. The owners and the sales team have been in the Australian hospitality industry for over 15 years and are always keeping up with new trends and technology in this field.
- Our reputation is about quality service, providing our customers a better solution than they have ever had before with our products and the affordability we offer.
- We are about giving our customers a personal level of service and building long term relationships.
- We pride ourselves, along with our dealer network, that we can deliver our promise of service & solutions to our industry.

- With the backing of our technical support and experienced sales teams, we can specialise in offering ongoing professional service and accurate advice.
- Our main goal at Simco is to listen to our customers needs and respond quickly. Simco Catering Equipment has been in operation now for 12 years in Australia.
- We have Sydney and Perth warehouses and our head office is in Sydney .
- We are making kitchens better and we provide simple solutions. You will not find a more suitable range of products for your kitchen anywhere in Australia.
- Come and visit us today, contact us by phone, email or our website and we will make it happen for you.

**THE SIMCO GROUP HAS MANY BRANDS UNDER THEIR UMBRELLA.
THESE BRANDS ARE GLOBAL BRANDS NOW IN AUSTRALIA**

- Our manufacturer is the largest commercial catering equipment factory in China.
- New products are currently under development and will be available in the near future. We are constantly working on expanding our line to meet the growing demands of the food service industry.
- All our products are environmentally safe, utilizing CFC-free refrigerants in both our refrigerators and freezers. Our factory have built their reputation on service, quality and price!
- Over the past several years, our factory has made substantial investments in new state-of-the-art equipment, to ensure that every product exceeds local standards. We have introduced advanced technologies from Italy, Japan, and Germany, so every stage of the manufacturing process, engineering, design, and fabrication, is done in-house by our qualified and experienced personnel.
- We are also dedicated to designing and producing professional grade stainless steel food pans, chafing dishes, food warmers, and beverage dispensers. We keep in mind the people that have to use our product on a day-to-day basis, in order to create products that have real value and can help make your operation run more efficiently and effectively. It is our constant goal to give you exactly what you need in your professional kitchen. To meet our customers immediate needs, we maintain a large variety of inventory in our corporate warehouses. Our brands are presently located in the USA, UK, Germany, Italy and France. Prior to shipping, all refrigeration units must pass an intense series of tests during a minimum run time of 24 hours. These tests include computer refrigerant charging and vacuum leak decay checks, helium leak detection, vibration noise level, visual examination and a temperature analysis.
- We are also very proud to announce the introduction of our very own gas line. Using the latest technologies, We have developed new gas equipment. We have a broad line of products that include hot plates, chargrills, lava rock chargrills, deep fryers, ovens and ranges, with both natural and L.P.G. gas options. Our world class manufacturing facilities, highly skilled employees, combined with our innovative manufacturing processes, ensure that our customers always receive top quality products at economical prices.
- We are bringing our major global brands to the Australian Market.
- The best commercial equipment for your kitchen is at Simco!

ATOSA REFRIGERATION

Atosa has some of the most energy efficient refrigeration in the Australian market, combining high grade stainless steel, maximising usable space and reducing energy costs. Our units are ideal for any commercial kitchen environment with ambient working temperatures up to 43°C. Our powerful and reliable refrigeration comes with robust shelves and strong lockable self-closing doors.

By integrating Monitemp into commercial refrigerators and freezers, traditional equipment is transformed into smart, connected systems. Monitemp enables remote monitoring, real-time alerts, temperature traceability, diagnostics, and data analytics, helping businesses reduce operating costs, improve food safety, minimize downtime, and centrally manage multiple locations. It upgrades refrigeration management from manual checks to intelligent monitoring, delivering greater efficiency, reliability, and control for restaurants, retail, cold chain, and food processing businesses.

MONITEMP SMART REFRIGERATION MONITORING FEATURES

1. Remote Control

2. Temperature Monitoring

3. Status Monitoring

4. Temperature History

5. Event & Alarm Records

6. Parameter Configuration

Core End Users

- Restaurants & Cafés
- Supermarkets & Fresh Food Retailers
- Multi-site & Chain Businesses
- Cold Storage Facilities
- Pharmaceutical Cold Chain Operators

DISPLAY YOUR CAKES ATTRACTIVELY

With Countertop Refrigerated Showcases

Atosa has some of the most energy efficient refrigeration in the Australian market, combining high grade stainless steel, maximising usable space and reducing energy costs. Our units are ideal for any commercial kitchen environment with ambient working temperatures up to 43°C.

All our refrigeration comes with lockable castors as standard, making it simple to clean and maneuver. The user friendly control panel ensures accurate and precise temperature control, making our range of refrigeration perfect for any commercial kitchen.

We use European parts as standard on all our refrigeration with Embraco compressors and Dixell/Carel controllers included. With the introduction of hydrocarbon these models are very energy efficient.

Simco Catering Equipment Warranty Terms and Conditions Important Notice

It is a term of the sale of the Product that the Product will be and is used solely for commercial operations and not for personal, domestic or household use.

1. Definitions

“Authorised Service Agent” means an agent authorised by Simco to provide inspection, repair and maintenance service on a Product.

“Business Day” means a day that is not a Saturday, a Sunday or a public holiday in the city, state or territory where the Product is situated.

“Customer” means the purchaser of a Product supplied new by Simco to the Dealer or the Customer.

“Dealer” means a dealer, supplier or retailer of the Product.

“Inspection Fee” means the fee payable by the Customer in order for Simco to inspect the Product to determine whether the whether the Customer’s warranty claim falls within the warranty terms and conditions contained in this document.

“Product” means the product supplied new by Simco.

“Simco” means Australian Catering Equipment Holdings Pty Ltd (ACN 767 893 606) as Trustee for Australian Catering Equipment Holdings Unit Trust trading as Simco Catering Equipment of 3-9B Forge Street, Blacktown NSW 2148.

2. Application of the Warranty Terms and Conditions

2.1 These Warranty Terms and Conditions and no other terms and conditions whether written or oral shall apply to the Product.

2.2 These Warranty Terms and Conditions supersede all prior understanding, arrangements and agreements between Simco and the Customer and constitute the sole and only agreement with respect to the warranty provided by Simco.

3. Warranty

3.1 Subject to the terms and conditions contained in this document, Simco warrants the Product purchased against all defects in material or workmanship for a period of: -

3.1.1 Two (2) years for both on-site repair service and replacement of parts free of any charge from the date of the purchase of the Product;

3.1.2 followed by an additional two (2) years for replacement of parts only free of any charge with the costs of the onsite service to be paid by the Customer.

3.1.3 Notwithstanding clauses 3.1.1 and 3.1.2 above, Atosa combi ovens shall be warranted for a period of two (2) years for the replacement of defective parts free of charge and one (1) year for onsite labour from the date of purchase of the Product. Where the Customer elects to engage Simco to carry out installation of the Product ("SIMCO Install"), Simco shall provide an additional one (1) year of onsite labour warranty, resulting in a total of two (2) years onsite labour warranty, subject to the terms and conditions contained in this document.

save and except that of all consumable spare parts including but not limited to knobs, thermocouple, piezo leads, igniters, ignition box, fuses, pilot burners and burner jets will only have a warranty period of twelve (12) months only for both parts and service. In addition, Simco’s warranty extends to a replacement or refund for a major failure of the Product. This warranty will not apply if the Product has been purchased for resale.

3.2 All warranty claims must be lodged with: -

3.2.1 proof of purchase by way of tax invoice or delivery docket in relation to the Product. Without proof of purchase, the warranty will not apply; and

3.2.2 a Gas Certificate of Compliance if the Product is a gas appliance.

3.3 The Customer must give Simco written notice to Simco via the Warranty Request Form available on SIMCO’s website simcogroup.com.au immediately upon becoming aware of any defect and must give such notice prior to the expiry of the respective warranty periods of: -

3.3.1 two (2) years for labour and parts warranty , except as otherwise specified for Atosa combi ovens under Clause 3.1.3;

3.3.2 four (4) years for parts warranty only , except as otherwise specified for Atosa combi ovens under Clause 3.1.3.

Any defect which arises prior to the expiry of the relevant warranty periods will not be covered under the warranty if the Customer notifies Simco or the Dealer of such defect after the relevant warranty periods have expired.

3.4 Simco’s warranty against all defects in material and workmanship for the respective warranty periods set out in Clause 3.1 above is subject to the following: -

3.4.1 if the defect arises from the customer’s failure to:

(a) carry out regular servicing, at the customer’s cost, by Simco or an Authorised Service Agent; and or

(b) the customer fails to maintain the product as specified in the operation manual;

then the warranty against defects will be void.

3.4.2 the repair of the Product will be carried out within a reasonable period of time after notification of the defect is received by Simco and during the hours of 8.00 am to 4.00 pm on a Business Day. if the Customer requires the Product to be repaired immediately or outside the hours of 8.00 am to 4.00 pm on a Business Day, such repair is subject to availability and the Customer must pay the urgent service fee plus GST. The Customer will be informed of such urgent service fee plus GST prior to the Customer’s confirmation for the service to be provided;

3.4.3 if the Product is situated within a 50km radius of the General Post Office of the capital city of each state and territory in Australia or if outside of this area, within 30 km from an Authorised Service Agent, the on-site repair and replacement of parts is free of any travel costs.

If the Product is situated outside of these areas, the Customer must return the Product to Simco’s head office located at 3-9B Forge Street, Blacktown NSW 2148 or to the nearest Authorised Service Agent as directed by SIMCO, if available for repair with the costs of the delivery and collection of the Product to be borne by the Customer. If the Customer requires or prefers on-site service, the Customer is liable for the travel fee plus GST if on-site service is available at the location where the Product is situated and the Customer will be informed of such travel fee plus GST prior to the Customer’s confirmation of the service to be provided;

3.4.4 all other costs and charges related to the repair and replacement of the defective parts of the Product including but not limited to re-installation and commissioning costs shall be borne by the Customer; and

3.4.5 Simco is not required to provide a replacement product for the Customer’s use while the Product is being repaired or while waiting for a replacement part to be available for repair.

3.5 As an alternative to the repair and replacement of the defective parts of the Product, Simco reserves the right to replace the Product with a product with similar

features or to refund to the Customer the costs of the Product purchased at the discretion of Simco.

4. Warranty Claim Procedure

4.1 To make a claim under this warranty, the customer must do the following: -

4.1.1 Complete the Warranty Request Form online available on Simco Catering’s website at simcogroup.com.au/support and forward the completed form to SIMCO by email.

4.1.2 Provide a copy of the tax invoice or delivery docket as proof of purchase.

4.1.3 Provide a copy of the Gas Certificate of Compliance in relation to a gas appliance.

4.1.4 Provide the Customer’s credit card / debit card details required in the Warranty Request Form as security for the payment of the Inspection Fee in the event that the warranty claim is not related to any defect in material or workmanship of the Product or the warranty has been voided by the Customer or the warranty claim does not fall within the warranty terms and conditions contained in this document.

4.2 Upon the Customer completing the procedures set out in paragraph 4.1 above, Simco or its Authorised Service Agent will carry out an inspection of the Product and determine whether the Product is under warranty in accordance with the terms contained in this document.

4.3 In providing the credit card / debit card details required in the Warranty Request Form, the Customer authorises Simco to place a temporary hold on the Customer’s credit card / debit card for the Inspection Fee which amounts to a pre-authorisation to Simco to process the credit card / debit card, if required. This pre-authorisation is not a charge and at this stage, no funds will be debited from the Customer’s credit card / debit card account.

4.4 If upon inspection by Simco or its Authorised Service Agent, the Product is not under warranty, the Customer is liable for the Inspection Fee and the Customer’s credit card / debit card will at this stage be processed for the payment of the Inspection Fee.

4.5 If the product is under warranty for both on-site repair service and replacement of parts or replace of parts only, Simco will not charge the Customer the Inspection Fee and the pre-authorisation on the credit card / debit card will be cancelled. Simco or its Authorised Service Agent will then proceed with the repair of the Product at no charge to the Customer.

4.6 If the Product is not under warranty for both on-site

repair service and replacement of parts, Simco will inform the Customer of the estimated costs of the on-site repair service and replacement of parts or the costs of the on-site repair service only (as the case may be in accordance with the terms of the warranty) required for the repair of the Product. When the Customer authorises Simco to proceed with the repair of the Product, the Customer also authorises Simco to place a temporary hold on the credit card / debit card for the estimated costs of the repair amounting to a pre-authorisation to Simco to process the credit card / debit card, if required. This pre-authorisation is not a charge and at this stage, no funds will be debited from the Customer's credit card / debit card account. Upon completion of the repair by Simco or its Authorised Service Agent, the Customer's credit card / debit card will be processed for the payment of the costs of the repair.

5.Warranty Limitations and Exclusions

5.1 Simco's warranty covers only new Products purchased by the Customer and is not transferrable to any other party.

5.2 Simco's warranty will be suspended if the Customer has not paid for the cost of the purchase of the Product in full.

5.3 Simco's warranty does not cover the use of the Product outside of Australia or if the Product is situated out of Australia.

5.4 Simco's warranty does not cover: -

5.4.1 any component of the Product made of glass.

5.4.2 any light globes, infra-red tubes, quartz tubes or any other type of globes or tubes fitted to the Product.

5.4.3 any defect or damage to the Product caused or partly caused by blocked pilot assembly or burner jets from food stuff, oils, chemicals or debris or by a failure to clean and maintain the Product as specified in the user manual.

5.4.4 any unsuitability or limitations as to the use of the Product or any defect or damage to the Product caused as a result of any fault in the Customer's specification or design provided by the Customer to Simco or the Dealer.

5.5 Simco's warranty will be voided: -

5.5.1 if the serial number of the Product has been tampered with or removed;

5.5.2 if the Product has been repaired or serviced by any person other than the Authorised Service Agent;

5.5.3 if the defect or damage to the Product is caused by the Customer: -

(a) failing to follow the instructions in the installation, commissioning, use or maintenance of the Product.

(b) carrying out any modification or repair to the Product without the authority of Simco or its Authorised Service Agent;

(c) causing accidental damage to the Product;

(d) using the Product in a manner which is inconsistent with the proper and recommended use of the Product by Simco;

(e) being negligent in the installation, commissioning, use or maintenance of the Product;

(f) failing to obtain a Gas Certificate of Compliance when required and/or the Customer failing to install all gas related Products in accordance with the installation requirements of AS/NZS 5601.1 and any other relevant legislation.

5.6. Simco will not in any circumstance be liable for any consequential loss or damage including any actual or expected loss of revenue claimed to have arisen from the Customer's use of the Product.

5.7 The Dealer is not authorised by Simco to give any additional warranty in relation to the Product or to make any representation about the Product's performance or fitness for any specific purpose.
